Access to Electronic Networks

It is the goal of the Governing Board to include electronic networks, including the Internet, in the Kankakee Area Special Education Cooperative instructional program in order to promote educational excellence by facilitating resource sharing, innovation, and communication. The Director or designee shall develop an implementation plan for this policy and appoint system administrators.

KASEC is not responsible for any information that may be lost, damaged, or unavailable when using the network, or for any information that is retrieved via the Internet. Furthermore, KASEC will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

Individual Board members and administrators shall be treated like staff.

Curriculum and Appropriate Online Behavior

The use of KASEC's electronic networks shall (1) be consistent with the applicable curriculum as well as the varied instructional needs, learning styles, abilities, and developmental levels of the students, and (2) comply with the selection criteria for instructional materials and library resource center materials. As required by federal law and Board policy 6:60, *Curriculum Content*, students will be educated about appropriate online behavior, including but not limited to: (1) interacting with other individuals on social networking websites and in chat rooms, and (2) cyber-bullying awareness and response. Staff members may, consistent with the Director's implementation plan, use the Internet throughout the curriculum.

KASEC's electronic network is part of the curriculum and is not a public forum for general use. KASEC authorities may reasonably regulate student expression on school-sponsored publications for education-related reasons.

Acceptable Use

All use of KASEC's electronic network must be (1) in support of education and/or research, and be in furtherance of the Governing Board's stated goal, or (2) for a legitimate business purpose. Use is a privilege, not a right. General rules for behavior and communications apply when using electronic networks. KASEC's *Computer and Internet Acceptable Use Agreement* contains the appropriate uses, ethics, and protocol. Electronic communications and downloaded material, including files deleted from a user's account but not erased, may be monitored or read by school officials.

Internet Safety

Technology protection measures shall be used on each KASEC computer with Internet access. They shall include a filtering devise that protects against Internet access by both adults and minors to visual depictions that are (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students as defined by the Children's Internet Protection Act and as determined by the Director or designee. The Director or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Director or system administrator. The director or designee shall include measures in this policy's implementation plan to address the following:

- 1. Ensure staff supervision of student access to online electronic networks,
- 2. Restrict student access to inappropriate matter as well as restricting access to harmful materials,
- 3. Restrict unauthorized access, including "hacking" and other unlawful activities, and
- 4. Restrict unauthorized disclosure, use, and dissemination of personal identification information, such as, names and addresses.

Authorization for Electronic Network Access

Each employee must sign the Cooperative's *Computer and Internet Acceptable Use Agreement* as a condition for using the Cooperative's electronic network. Each student and his or her parent(s)/guardian(s) must sign the *Agreement* before being granted unsupervised use.

All users of the Cooperative's computers to access the internet shall maintain the confidentiality of student records. Reasonable measures to protect against unreasonable access shall be taken before confidential student information is loaded onto the network.

The failure of any student or employee to follow the terms of the *Computer and Internet Acceptable Use Agreement*, or this policy, will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

All field trips must have the Director or designee's prior approval, except that field trips beyond a 200mile radius of the school or extending overnight must have the prior approval of the Governing Board. The Director or designee shall analyze the following factors to determine whether to approve a field trip: educational value, student safety, parent concerns, heightened security alerts, and liability concerns. On all field trips, a bus fee set by the Director or designee may be charged to help defray the transportation costs.

Parents/guardians of students (1) shall be given the opportunity to consent to their child's participation in any field trip, and (2) are responsible for all entrance fees, food, lodging, or other costs, except that the Cooperative will pay such costs for students who qualify for free or reduced school lunches. All non-participating students shall be provided an alternative experience. Any field trip may be cancelled without notice due to an unforeseen event or condition. Monies deposited may be forfeited.

Privately arranged trips, including those led by KASEC staff members, shall not be represented as or construed to be sponsored by KASEC. KASEC does not provide liability protection for privately arranged trips and is not responsible for any damages arising from them.
